

To Whom it May Concern

August 18th, 2016

REFERENCE LETTER: CONTRACT NHIF/007/2013-2014, GenKey Solutions B.V.

In the name of MIBM Kenya, I hereby declare that the company GenKey Solutions B.V., Eindhoven, Netherlands supplied the services for the National Health Project in Kenya. The project was awarded by the NHIF of Kenya to MIBM and GenKey Solutions B.V. acted as a subcontractor.

- General Details of the Contract / Tender Reference: **NHIF/007/2013-2014**
- Contract No: 2014-514b
- Contract Validity: 04/2015 until 12/2016
- Contract Objective: to supply a tailor-made solution which enhances the healthcare process in Kenya, registering 4,000,000 healthcare individuals.

General services provided according to the contract:

- 350 complete enrolment- / registration- licenses of Necto.
- 1350 complete verification licenses of Necto HP.
- Automatic Biometric Identification System with identification of fingerprints through finger-independent matching.
- De-duplication of 4 Mio subjects, representing a database of about 37 million fingerprints.
- Support in the adjudication process of detected biometric duplicates.
- SPiRE ID Management System, a database registry for member management.
- Installation, training & support services.

The first project phase was initiated in April 2015 and was finalized in August 2016.

This document is expedited as a letter of reference for the company at its request.

Nishant Aggarwal
Managing Director - MIBM
