

# ELECTORAL COMMISSION

Head Office, Accra.

My Ref. No. C/EC.27/SF.9/V.3/25

Your Ref. No. ....

8<sup>TH</sup> SEPTEMBER, 2016  
.....20.....

THE EXECUTIVE DIRECTOR,  
NATIONAL IDENTIFICATION REGISTRATION,  
GROUNDS, CAPITOL,  
MONROVIA, LIBERIA.

## TO WHOM IT MAY CONCERN.

The Electoral Commission of Ghana has contracted Super Tech (STL) Limited to supply a Biometric Voter Registration System for (3) three projects.

- a. The National Elections in 2012
- b. The District Level Elections in 2015
- c. The National Elections to take place this year, 2016.

The successful registration exercise has been conducted with 7,000 Biometric Registration Kits and 73,000 verification kits in the country, registering and verifying more than 15 Million people.

The projects included:

- a. Design, development, integration, supply and deployment of ICT solution for the Biometric Verification and Biometric deduplication including setting 2 data centers for production and disaster recovery sites.
- b. Full offline registration of the population with centralized process of the registrants and deduplication up to a voter registry.
- c. Development of training for the operations and execution of Train the Trainer training with 2000 trainers which later on trained all 30,000 operators and users.
- d. Online Continuous Registration with online Communication and online Biometric Voters Registration kits in 231 district offices of the Electoral Commission (2016 project).
- e. Verification of voters on elections day using Biometric Verification Devices at the polling station levels.

Yours sincerely,

SULLEY AMADU, DEPUTY CHAIR, (OPS)
